

Participating centers:

Community Children's Center
Mansfield Discovery Depot
University of Connecticut
Child Labs
Willow House Preschool and
Early Learning Center

Mansfield School Readiness Grant

High quality childcare programs help kids be inquisitive, and self confident. Our programs improve children's development in socialization, sharing, and working together.
This adds up to a good start in school and life.

The School Readiness Grant Program from the State of Connecticut to the Town of Mansfield helps support the cost of early childhood education for 3 and 4 year olds.

The care is available for full or part time enrollment (Monday thru Friday).

Eligibility and a family contribution are based on income and family size. (verification required)

Available to Mansfield residents only.

Space is limited so please act now.

The program begins July 1, 2010-6/30/11

Each participating center is nationally accredited in early childcare and education.

For more information contact:

Sandy Baxter
Mansfield School Readiness Coordinator
at 429-3338
